### **Second Woman's Conference in Atlanta during 2014**

Any building filled with hundreds of empowered women seeking God's presence is bound to create a ground breaking, history making atmosphere and that is exactly what took place November 8 at Tommy Miranda Ministries' third women's conference.

The opening word came from Pastor Pedro Rivera, flown in from Miami, Florida, and he instilled a prominent seed of hope and encouragement within the hearts of the women spoken to. The alter was packed with dozens of women on their knees praying to God, beseeching Him to answer their cries for help and truly surrendering their lives to the Holy One. After each conference there was a break time where those attending could exit to the bathroom or even take advantage of the fun, diverting photo booth made available to everyone in order for them to document their time at the conference.

After a powerful sermon and moving worship session, Nancy Amancio stormed the stage with the anointing and might of a divine Queen. Through God's anointing within her, she surged strength and empowerment into the physically and spiritually ill and delivered a life altering teaching that shattered any previous expectations. In between one of her sessions, Tommy Miranda mounted the stage

alongside his son Jared and shared a brief testimony about never losing hope or turning your back on your children. His message was simple, " never lose hope that God will bring your child back home".

There is nothing impossible for our God and He would move mountains and oceans in order to return your lost child home if you will receive them with open arms as in the story of the Prodigal son who returned to his ever forgiving father. Tommy Miranda is an example in the flesh of God's faithfulness and mercy in these situations. Moreover, Nancy Amancio ended the night with a phenomenal concert and yet another opportunity for an outpouring of praise and reverence to the One and Only Savior of the hundreds of women in attendance.

Young, old, widow, or married each lady there had one thing in common: the left radically different from the way they entered. That alone made the entire event an enormous success in the eyes of our ministry.
